MAXIMIZE YOUR BRAND'S VISIBILITY

Influence Digital-ads specializes in digital advertising with giant LED screens. We broadcast a variety of content, including client information, weather updates, and announcements, in high-traffic areas such as shopping centers, airports, and other strategic locations.

Successful advertising on giant screens requires exceptional graphic design. Our expertise in creating captivating graphics ensures that your content stands out and effectively captures the audience's attention.

EXPERT GRAPHIC DESIGN FOR MAXIMUM IMPACT

Successful advertising on giant screens requires exceptional graphic design. Our expertise in creating compelling graphics ensures that your content stands out and captures the public's attention effectively.

OUR ACTIVITIES AREAS

Shopping centers

Reach a wide audience every day with strategic locations in the shopping centers. Ideal for capturing consumers' attention at a prime shopping moment.

Malls

Benefit from a large daily audience grace of strategic locations in the malls. Ideal for capturing consumers' attention at a prime shopping moment.

Airports

Communicate effectively with travelers and air transport professionals. Airports offer significant visibility in transit and waiting areas.

Urban Zones

Have a high visibility with a local and regular audience. Bus stops allow you to reach an urban and mobile public throughout the day.

The Influence digital-ads, an advertising agency was born from Jean Claude Battey's desire to become an active player in the field he has always been passionate about throughout his career in new technologies, specifically in the IT sector. he began his career more than 18 years ago alongside leading professionals in new technologies and information who instilled in him their passion. he also naturally gravitated towards the digital sector, in which he has thrived throughout these years. Given the rise of digital technology, he subsequently decided to leverage his skills in this field by founding a DIGITAL ADVERTISING AGENCY.
